

Look out for our new 'Health on the Move' van
- visiting your area very soon

The van will be at the Oxford Road Community Centre on 15 & 16 July from 12 - 6pm

We've got local healthcare professionals on board, ready to answer any of your questions about your health.

Everyone is welcome! You don't need an appointment, and you don't have to be registered with a GP to pay us a visit.

We will also be offering Covid-19 vaccinations, as we're aware that the vaccination centre is not easily accessible to some people. We want to be able to support our communities to going back to doing the things we've missed so much!

So please pay us a visit - we're excited to see you there.
